

FUN ACTIVITIES TO:

Kindle Imaginations + Cultivate Curious Minds + Create Family Joy

Draw your favorite scene from the story. What does it look like in your imagination?

Use paper bags to create puppets of Jonathan and Mr. Redge and the other characters. Then put on a puppet show version of the tale.

What do you think happens next? Write/make up/act out the next chapter.

Write/make up/act out your own version of the story. Which character would you be? What would you change? Be creative and have fun!

Turn the story into a song or make up a song about it. Use household items as your instruments if you don't have any on hand.

Make a reflection journal. Put your drawings, stories, songs, or whatever else you create in a folder, binder or notebook so that you can have fun reviewing them together from time to time.
